

Year Group: 2  
Subject: Computing  
Topic: The Beach

We are learning to link all of our skills we have learnt across the year.

**Key Information:**

I will learn how to:

Find and open files  
Add text and pictures to a presentation  
Choose a background and a character when using Scratch  
Control a mouse  
Add slides into a presentation  
Make a character move in Scratch  
Compare different styles of computer art  
Review and edit a presentation  
Link actions within Scratch

**Key Vocabulary:**

Pointillism—using lots of little dots to make a picture  
Cubism—using shapes and lines to paint a picture  
Presentation—making a PowerPoint to share pictures and information  
Edit—check something and try and make it better  
Present—sharing information with friends  
Scratch—a website where you move a character using an algorithm  
Algorithm—a set of instructions

**Key Skills:**

During this half term I will be able to:

Search for a file  
Open a file  
Copy and paste a picture  
Select a character when using Scratch  
Add text onto a presentation  
Keep control of a mouse track pad  
Move a character in Scratch using simple instructions  
Create complex multi-actions in Scratch
