IMPORTANT INFORMATION

SICKNESS AND DIARRHOEA

As a reminder to parents and carers, if your child has had sickness or diarrhoea, they are unable to return to school until 48 hours after the last bout. This is an NHS guideline to limit the spread of infection. Thank you for your cooperation.

IMPORTANCE OF IMMUNISATIONS

Vaccination is the most important thing we can do to protect ourselves and our children against ill health. They are the most effective way to prevent many infectious diseases. Keeping up to date with vaccinations help protect your child.

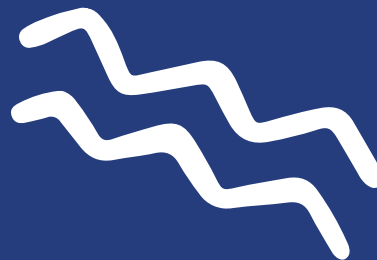

BULB DONATIONS

A huge thank you to parents and the PTFA who generously donated packets of bulbs. The Year One and Two children have begun to plant these in tyre planters outside their classrooms as part of their Nature and Environmental Education lessons. We can't wait to see them bloom in the spring, as we increase the biodiversity of our school grounds.

SCHOOL COUNCIL

Next week we will be emailing out information regarding the chance for your child to become part of our School Council. We will be asking children to prepare a short speech, send in a video or make a poster explaining "Why I would make a great School Councillor." The deadline will be Monday 2nd November at 9am. Further information will follow next week.

RECEPTION

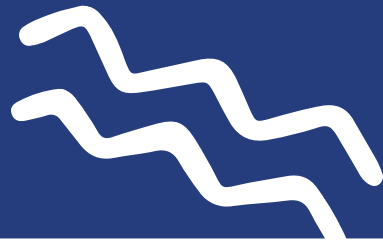

Year R have been incredibly busy this week! We had great fun on our very first trip from school, as we walked to the postbox to post the lovely pictures we had created for our families. The children were fantastic and made their teachers feel very proud. A big thank you to all the grown-ups who helped us along the way.

This week, our learning has focused on healthy eating and what it means to make healthy choices. We have been busy creating healthy eating plates, making colourful watermelon crafts and even designing our own pea pods. In English, we enjoyed discussing different foods and sorting them into healthy and unhealthy categories. We also learned about the things that help keep our bodies strong and healthy, explored descriptive language to describe different foods, and took part in exercise activities to investigate how movement affects our heartbeats.

In Maths, we have continued our learning about number. We have been taking a closer look at the number 5 and exploring how numbers are composed of ones. We have also been focusing on the composition of the numbers 3 and 4, building a deeper understanding of how numbers can be made in different ways.

On Monday 19th October, we will be having our picnic between 14:30pm and 15:00pm. Please feel free to join us as the children will have created their own snack, and would love to celebrate the start of their Year R journey with you. We are hoping to hold this outside if the weather is good so please bring a coat! If it decides to rain, we will celebrate in our classrooms.

YEAR 1 + 2

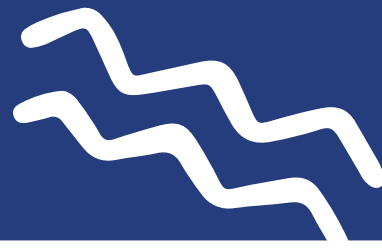

This week the children had lots of fun cooking their own pizzas! They learnt how to mix and knead dough, roll and pat it into a pizza shape, spread on the tomato sauce and then chop and add toppings. Thank you to all the parent helpers who came in and made the pizza making so special!

In English the children have been writing their own pizza poems. They started by learning a poem as a class and adding actions. They then used their own experience of cooking pizzas to write a poem. Their poems included descriptive language and onomatopoeia.

Further, in Maths the children have been using tens frames and part-part-whole cherry models to represent number sentences. Including making the 'five and a bit' numbers 6-10. Can your child show you what needs to be added to 5 to make one of those numbers?

In Geography we have been continuing our learning on the UK. We learnt the names of the capital cities in the UK and discussed the changes in weather around the UK. In PE we have been learning new yoga poses and helping find ways to exercise our bodies and calm our minds.

I would love to help, but my child is not having sessions this half term

You are still very welcome to volunteer with another class or year group.

I do not know what activities take place

Please visit the BTG Blog on the website or pop into the office to browse the floor book, which showcases the children's activities and learning.

How long is a volunteering session?

We ask you to volunteer for 1 hour 45 minutes per session, which includes 15 minutes per session briefing with Mrs Dear.

I would love to volunteer, but I am not available every week

School Age Immunisation Service - Parent Newsletter

Annual Flu Vaccination Programme

All children are eligible to receive the flu vaccine. Parents and carers are sent a link to the online consent form between September and November, ahead of the school vaccination session.

The vaccine is usually given as a nasal spray. For children who cannot have the nasal spray due to medical or religious reasons, a porcine-free injectable vaccine is available. Details about how to request this are included on the electronic consent form.

Why should I get my child vaccinated? Flu is a highly infectious illness that children can catch and spread easily. For many children, flu can be very unpleasant and may lead to complications such as ear infections, bronchitis, or pneumonia. In some cases, it can result in serious illness requiring hospital treatment.

Vaccinating your child not only helps protect them from flu but also reduces the spread of the virus to others who may be more vulnerable to serious illness, including babies, pregnant women, older adults, and those with long-term health conditions.

What if my child misses their school vaccination session? If you provide consent for your child to receive the flu vaccine and they are absent on the day of the school session, you will automatically receive an email inviting you to book an appointment at a local community clinic, ensuring your child still has the opportunity to be vaccinated.

It's not too late to complete the consent form. Even if your child's school vaccination session has already taken place, submitting a form now will allow you to book an appointment at a local community clinic.

For contact details and further information about the School Aged Immunisation Service and the vaccination programmes offered, please visit:

Get protected against flu

FLU: 5 REASONS TO GET PROTECTED AGAINST FLU

1. Protect your child - The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia.
2. Protect you, your family and friends - Having the vaccine will help protect more vulnerable friends and family.
3. No injection needed - The nasal spray is painless and easy to have.
4. It's better than having flu - The nasal spray helps protect against flu and has been given to millions worldwide.
5. Avoid costs - If your child gets flu, you may have to take time off work or arrange alternative childcare.

The Immunisation team will be coming to the school to administer the flu nasal spray* to the students on:
