

### English

We will be using time adverbs and thinking about writing in the past. We will be visited by some friends and use them to help us with our writing. Later in the term we will be exploring the text 'Lost in the Museum.' We will be revisiting personal pronouns to use in our writing and exploring the use of prepositions. At the end of the term we will be reading 'Harvey Slumfenburger's Christmas Present.' The children will be predicting events in the story and then writing their own stories based on the structure of the text.

### Religious Education

With Christmas approaching we will be looking at the journey that Mary and Joseph took to get to Bethlehem. We will investigate what happened at the end of their long journey and identify that journeys are made for different reasons. We will talk about and describe journeys that we have made.

### Science

This term we will be learning about materials. The children will learn about what materials are made from and their properties. At the end of the term we will carry out an experiment to test the properties of materials in order to find a solution to a problem.

### Physical Education

This half term we will be exploring movement through dance. We will be becoming four different toys and using their movements to learn a toy dance. We will be extending and practising the dance over the half term, adding in our own movements. At the end of the half term we will perform the dances to each other to see what we did differently.

### Computing

This half term we will be exploring creative programmes on the computer. The children will use their skills to create a digital card for someone for Christmas.

## Year 1 Toy Stories Autumn 2 2019

### Design and Technology (DT)

This term the children will be experimenting with sliders to make a moving image. After learning how to create a moving image they will be designing and making a Christmas card with a moving part.

### Maths

The children will be busy solving maths problems this half term. They will be solving missing number problems and counting in tens to solve problems. The children will develop their knowledge of 2D and 3D shapes; learning to recognise shapes in different orientations and sizes. Before Christmas we will be focusing on the addition and subtraction of two digit numbers to twenty.

### Music

This half term the focus for Music will be learning about beat. The children will explore the beat in songs and learn how to maintain a beat throughout a piece of music. Towards the end of the term Year 1 will be learning songs for the Nativity performance.

### History

What do you know about toys from the past? What did they look like? What were they made from? How did children play with them? These are just a few of the questions we will be investigating this half term. We will be exploring the changes of toys throughout our living memory. Maybe you can talk about the different toys you have at home compared to those you had when you were children.

**Please turn over to see a typical week in Year 1:**

**Below is an example of the weekly timetable for Year 1:**

Deer Class		Mole Class			Badger Class			Otter Class			
Class Teacher: <b>Miss Vass</b> <b>(Mon/Tue/Wed) Mrs McKillop</b> <b>(Thur/Fri)</b>  Teaching Assistant: <b>Mrs Cunningham</b>  Wednesday AM: <b>Planet Soccer/Mrs Cunningham</b>		Class Teacher: <b>Miss Palmer</b>  Teaching Assistant: <b>Mrs Stephens</b>  Wednesday AM: <b>Planet Soccer/Mrs Stephens</b>			Class Teacher: <b>Miss Hammond</b>  Teaching Assistant: <b>Mrs Janes</b>  Wednesday AM: <b>Mrs Janes/Planet Soccer</b>  Tuesday AM: <b>Mrs Janes</b>			Class Teacher: <b>Miss Hall</b>  Teaching Assistant: <b>Mrs Price</b>  Wednesday AM: <b>Mrs Cunningham/Planet Soccer</b>			
8.35 Feedback to marking 8.45 Registration		9.00 – 9.45		9:45 – 10:30	10:30 – 10:45	10:45 – 12.00		12:00 – 1:00	1:00 – 3:05
